Qlik Sense Business Analyst Certification

<https://killexams.com/pass4sure/exam-detail/QSBA2021>

Question: 17

A Help Desk department sets a first-time fix target of 65% for all customer calls. The department has a measure that captures the actual first-time fix percentage. A business analyst needs to choose the visualization that most effectively shows the performance against the target using a color gradient.

What visualization should the business analyst use?

- A. Table
- B. Text and Image
- C. Gauge
- D. Combo chart

Answer: A

Question: 18

A business analyst must add data from several tables to an existing app. This app was built by a previous business analyst who used the data load editor to load some simple tables.

The changes must be implemented in the data manager.

Which three actions should the business analyst take to meet these requirements? (Select three)

- A. Associate the new tables with the old tables
- B. Synchronize the scripted tables and modify the tables
- C. Synchronize the new tables and modify the tables
- D. Add the new tables via the Add data icon
- E. Delete the existing tables and re-import the tables

Answer: B,C,D

Question: 19

A business analyst creates an app for a large retailer. The app is based on the past 2 months of transactional data in CSV format.

After successfully demonstrating the app, the retailer provides a file that contains another seven years of data.

After the new data is loaded, the previously responsive app takes 10 times longer to respond to users' selections. The app has many complex expressions.

Which two actions should the business analyst take to resolve the issues? (Select two)

- A. Request the data architect to create flags in the data model to optimize set analysis expressions
- B. Use JOIN statements to reduce the number of tables in the data model

- C. Make sure a I master items contain variables that define the expressions
- D. Replace set analysis with calculated fields in the data manager
- E. Create versions of the app using a WHERE clause m the data manager to restrict the data

Answer: A,C

Question: 20

Share the provided link with colleagues

Answer: A

Question: 21

Refer to the exhibits

Category				
CategoryID				
Value				
ProductID				
Value		Preview of data		
		CategoryID	Value	ProductID
Density	100%	A124	362	1
Subset ratio	100%	B143	131	2
Has duplicates	true	C321	42	3
Total distinct values	12	A153	16	4
Present distinct values	12	A329	74	5
Non-null values	14	B321	-	6
Tags		B283	83	7

After the latest data reload a business analyst notices the value tor CategoryID ‘B321’ seems different.

- What is causing this discrepancy?
- A. The data type for CategoryID 332V does not match the others
 - B. Null values are deluded in the source data
 - C. Some categories do NOT exist in the Category table
 - D. Hyphen character (‘.’) is included m the source data

Answer: A

Question: 22

A business analyst creates an app for a large retailer. The app is based on the past 2 months of transactional data in CSV format

After successfully demonstrating the app the retailer provides a file that contains another seven years of data

After the new data is loaded the previously responsive app takes 10 times longer to respond to users' selections. The app has many complex expressions

Which two actions should the business analyst take to resolve the issues? (Select two)

- A. Request the data architect to create flags in the data model to optimize set analysis expressions
- B. Use JOIN statements to reduce the number of tables in the data model
- C. Make sure all master items contain variables that define the expressions
- D. Replace set analysis with calculated fields in the data manager
- E. Create versions of the app using a WHERE clause in the data manager to restrict the data

Answer: A,C

Question: 23

After a campaign a marketing group has data that shows distinct increases of product sales over a 12-month period. The group needs to highlight the products that show the highest revenue.

What should be developed to meet this requirement?

- A. Grid chart with diverging color by measure
- B. Line chart with area gradient color by measure
- C. Waterfall chart with custom positive value color
- D. Mekko chart with diverging color by dimension

Answer: D

Killexams.com is a leading online platform specializing in high-quality certification exam preparation. Offering a robust suite of tools, including MCQs, practice tests, and advanced test engines, Killexams.com empowers candidates to excel in their certification exams. Discover the key features that make Killexams.com the go-to choice for exam success.

Exam Questions:

Killexams.com provides exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these questions, candidates can familiarize themselves with the content and format of the real exam.

Exam MCQs:

Killexams.com offers exam MCQs in PDF format. These questions contain a comprehensive collection of questions and answers that cover the exam topics. By using these MCQs, candidate can enhance their knowledge and improve their chances of success in the certification exam.

Practice Test:

Killexams.com provides practice test through their desktop test engine and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice test cover a wide range of questions and enable candidates to identify their strengths and weaknesses.

Guaranteed Success:

Killexams.com offers a success guarantee with the exam MCQs. Killexams claim that by using this materials, candidates will pass their exams on the first attempt or they will get refund for the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exam.

Updated Contents:

Killexams.com regularly updates its question bank of MCQs to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.
