### **STUDENT REGISTRATION**

The Australia Japan Society – Queensland Inc. (AJS) invites full-time tertiary students with an interest in Japan to receive the AJS e-newsletter for free. The newsletter contains promotion and information about a range of Japan-related activities and events.

Students registered in this way will not become members of the AJS and will not have the same rights and entitlements due to members, such as member discounts at functions, and the right to formally participate in AJS meetings.

Registration must be renewed each March.

To register, please complete this form and return it by post, fax or email to the address below:
